

# Walters and Kazha, Feeling This Touch

Feeling This Touch

This is the land

Of no turning back

Come up it closely

Feel like you're only all this worlds

Hand in the hand I never knew there could be

Something good as like you I'm so true.

Pried.

Feeling this touch

It's never too much

Believe in you

That's so I can do

Look all around

So beautiful sound

Of my heart beats

Whenever we meet..

Again and again I'm losing afraids

So comfort dance it's going cruch by every scens

Look in my eyes

You find there a

Thousand words I need to say

Come with me I'll say.

Pried. We meet...

2x pried.
