

Wanda Jackson, Back Then

I've loved you for so long that it's hard for me to change
And I know since you're not here there's some things to rearrange
But I keep on dream that someday you just might come back again
Oh and I want everything to be the way it was back then
Back then our love would start through the kiss and morning coffee
And good mornin' darlin' did you sleep all right
Back then my day was made within mem'ry of your lovin'
And the promise that you'll be lovin' me tonight

It's so strange what can happen how the good things can go wrong
Like one day you were with me the next day you were gone
But a million golden memories can't bring you back again
Oh I trade them all to change things to the way they were back then
Back then our love would start...
