

Wanda Jackson, If I Cried Every Time You Hurt Me

If I'd cry every time you hurt me I'd be cryin' all the time
If I made a scene each time you were mean we'd be quarrellin' all the time
But I don't cry and I don't get mad I try to take the good with the bad
If I'd cry every time you hurt me I'd be cryin' all the time
(strings)
Now and then you say you love me I try to believe you do
Then you turn right around and hurt me like I was nothing to you
But I love you so and I'll stay somehow my tears won't flow and my head won't bow
If I'd cry every time you hurt me I'd be cryin' all the time
