

Warner Mack, Alla My Love

Alla my love alla my love alla my love's for you
Alla my love alla my love alla my love is true

The prettiest girl in all the world is soon gonna say I do
But she told me the other night that alla my love's for you
Alla my love...

There's been other girls in this boy's life and you'd loved other boys too
I didn't know what real love was till I fell in love with you
Alla my love...

(guitar)

When I was a young lad mom told me let's your love be true
Now since we've met I can't forget what mom told me to do
Alla my love...

Alla my love...
Alla my love is true
