

# Warrior Soul, Lullaby

(Clarke)

Go to sleep In my arms  
A soul to keep From all harm

I lie awake In a crystal calm  
Your face so sweet til The end of time  
A lullaby Makes you feel better  
The worlds all but died But were together

A lullaby Makes you fell better  
The hatred outside, really doesnt matter...

Go to sleep my baby  
Go to sleep right next to me

You found the way From what youve lost  
The pain is great As you pay the cost

A lullaby Makes you feel better  
The worlds all but died But were together

A lullaby Makes you feel better  
The hatred outside, really doesnt matter

It doesnt matter 9 X
