

# Wasted Youth, Flush The Bouncers

Raised by money they been deprived  
Look at them with bleeding eyes  
They laugh at the sounds of all your cries  
They can't even believe t heir lies  
But still you do as you are told  
Your ethnic values you have sold  
You got no balls to break the mold  
You have to do as you are told  
We are the mindless useless ones  
The ones you shit and spit upon  
Have your mind and thought in train  
Bust still out arms and force remains  
You think you'll steal and take it all  
We'll shoot our guns and watch you fall  
We're the mindless useless ones  
The ones you shit and spit upon  
We'll gain power you will see  
We'll overthrow your monarchy  
Your not so smart or powerful  
Your lives are really fucking dull  
Raised by money been deprived  
Raised by money they've been deprived  
Raised in the street I've been deprived  
I was born deprived
