Watashi Wa, Joanna

Joanna would you understand if black were really white and baby could I have this dance? Just say that that's alright. I'm a little scared, understand, I'll admit it, I'll admit it.

I better dance right
Try not to lose it
Alright, try not to lose it again
try lose it again.
I better dance right,
try not to lose it,
alright, try not to lose it again,
and if I lose it again,
and if I can't dance, Joanna would you understand?

Joanna could you let it be, would you be mine tonight? And baby let the people see, just that that's alright I'm a little scared, understand I'll admit it, I'll admit it

I better dance right
Try not to lose it
Alright, try not to lose it again
try lose it again.
I better dance right,
try not to lose it,
alright, try not to lose it again,
and if I lose it again,
and if I can't dance, Joanna would you understand?

All children learn when the sun goes down, all my friends learn when the sun goes down.

Well i'm a little scared, understand, I'll admit it
