

# Water Sweet, Day Song

Captain sailed the ship today  
Old Love, she just sighed  
Met his mother on the way  
They stopped and cried

Cat on the sill  
See the sad rain fall  
Do as you will  
I love you more than all

Old Love sailed the ship today  
Captain he just sighed  
Met her father on the way  
They stopped and cried

Cat on the sill  
See the sad rain fall  
Do as you will  
I love you more than all

Sing the song of sailin' away  
Sing it from your heart  
Sing the song of sailin' away  
Even though we part
