

Weird Al Yankovic, Girls Just Want To Have Lunch

Some girls like to buy new shoes
And others like drivin' trucks and wearing tattoos
There's only one thing that they all like a bunch
Oh, girls, they want to have lunch
Oh, girls just want to have lunch
I know how to keep a woman satisfied
When I whip out my Diner's Card their eyes get so wide
They're always in the mood for something to munch
Oh, girls, they want to have lunch
Oh, girls just want to have
That's all they really want
Some lunch
Don't ask 'em to dinner or breakfast or brunch
'Cause girls, they want to have lunch
Oh, girls just want to have lunch
Girls, they want
Want to have lunch
Girls wanna have
She eats like she got a hole in her neck
And I'm the one that always gets stuck with the check
Can't figure out how come they don't weigh a ton
Oh, girls, they want to have lunch
Oh, girls just want to have
That's all they really want
Is some lunch
Don't know for certain but I've got a hunch
Those girls, they want to have lunch
Oh, girls just want to have lunch
Girls, they want
Want to have lunch
Girls wanna have
They just want to
They just want to
Girls
They just want to
They just want to
Girls just want to have lunch
Girls
Girls just want to have lunch
They just want to (x6)
