

# Wet Wet Wet, I still can't remember your name

So what do you want from me (so whatdya you want)  
So what do you want from me (so whatdya you want)  
So what do you want from me  
I try to live life eye to eye  
But I find it far too tall  
Even though youre such a natural  
Thats what you are, are, are  
Everybodys gonna stop  
Everybodys gonna learn  
Everybodys gonna try to take notice  
Do me right  
Give me love to last all through the night  
Ah, ah, ah, ah  
Say I still cant remember your name  
Ah, ah, ah, ah  
Say I still cant remember your name  
Ah, ah, ah, ah  
Say I still cant remember  
Say I still cant remember, yeah, yeah  
We all shed tears  
We all shed tears  
That turned into those showers of affection  
Yes they do, yes they do, yes they do  
Everybodys gonna stop  
Everybodys gonna learn  
Everybodys gonna try to take notice  
Oh, treat me right  
Give me love to last all through the night  
Ah, ah, ah, ah  
Say I still cant remember your name  
Ah, ah, ah, ah  
Say I still cant remember your name  
Ah, ah, ah, ah  
Say I still cant remember  
Say I still cant remember, yeah  
Gonna tell the world about her  
So whatdya want from me  
So whatdya want from me  
So whatdya want from me  
Ah, ah, ah, ah  
Say I still cant remember your name  
Ah, ah, ah, ah  
Say I still cant remember your name  
Ah, ah, ah, ah  
Say I still cant remember your name, your name  
Say I still cant remember  
I still cant remember your name  
Gonna tell the world about her, about her  
Say I still cant remember your name  
I found love again  
Say I still cant remember your name  
Gonna tell the world  
Gonna tell the world  
Gonna, gonna, gonna, gonna tell the world about her  
World  
Gonna tell the world about her  
About her  
About her (yes they do, yes they do)
