

Wet Wet Wet, Words Of Wisdom

Some stupid things thrill a lot of my life
Like the feeling I want to get to know you better

If you're in my heart
Say I could and you would
But you might and you shouldn't
No I can't go on
Singing this love isn't strong

Until I seek your words of wisdom
Until I seek your words of wisdom

You may wear your heart on your sleeve
But vicious lies only tease me
Every eye open is not seeing
Every eye closed

If you're in my heart
Say I could and you would
But you might and you shouldn't
No I can't go on singing this love isn't strong

Until I seek your words of wisdom
Until I seek your words of wisdom
