

# While She Sleeps, ANTI-SOCIAL

I won't be nervous  
When everybody around us  
Says god we don't deserve this  
And begs before they accept our fate  
I want the world but I'm not prepared to work for a change  
I think I'd rather be dead

I'm not anti-social,  
I'm anti-bullshit

you're gonna follow like a freelance sucker of the next biggest trend  
we're pissing into the wind  
to be heard by the indifferent  
shit talker  
you've double crossed your own  
you're gonna suffer like a rat in the smoke

how the hell am I supposed to know  
we're only human is a valid excuse  
for why my mind's pouled  
do you want the truth  
or do you want to assume it?

so raise it up, up  
if you're sick of this fake smile politics  
up up  
if you 're sick of this race we're running  
wan you living for if you can ever feel it?  
what is living without letting go
