Whitney Houston, Hold up the light

Chorus:

Hold up the light

Save the world from darkness

Hold up the light

Won't you please America

Bebe:

It's time for all of us

Who claim in God we trust

To take a stand

Let our voice be heard

Across the nation

To every man

CeCe:

If we are the light

It's time for all of us to fight

For what is right

We must work while it is day

Before the fall of night

Whitney:

Voices crying, young people dying

Lost, nowhere to run

So I'm asking, takes sacrificing

Time for us to come and

Hold up the light

(Chorus)

Whitney:

Boys and girls

Can't you see

The kind of friend

Crack can be

Bebe:

Voices crying, young people dying

Lost, nowhere to run

CeCe:

So I'm asking, takes sacrificing

Time for us to come and

Hold up the light

(Chorus)
