

# Why Don't We, With You This Christmas

remember last December when we kissed under the mistletoe  
I let you wear my favorite sweater  
so you think of me when you're alone  
when we stay up talking way too much  
and we don't even need coffee to keep up up, no  
I know that I am feeling something right  
when I am next to you

it's cold outside when I am without you  
but you make me feel so warm  
baby, can't you see /2x  
that I want you?  
yeah, I just wanna be with you this Christmas  
this Christmas /2x

and to be honest  
I can't live without you  
just ask my friends  
they say I'm so into you  
buy you anything you want  
Gucci and Saint Laurent  
girl, you know what I am up  
I'm just saying  
Santa gon' be leaving 5 am  
baby, I can pull up  
it don't matter what time it is  
I know it's Christmas Eve  
but girl, you're all I need  
I'll be there in one, 2, 3,  
anything if I can get to you

it's cold outside when I am without you  
but you make me feel so warm  
baby, can't you see /2x  
that I want you?  
yeah, I just wanna be with you this Christmas  
this Christmas /2x
