

# Why Store, Here I Go

Vowed I'd never do this again  
Vowed I'd never do this again  
Vowed I'd never do this again  
Vowed I'd never do this again  
And here I go  
Out on the edge  
Looking over  
To see how high  
And the high  
That I get  
Helps me through it  
Helps me forget it  
Vowed I'd never feel this way again  
Vowed I'd never feel this way again  
Vowed I'd never feel this way again  
Vowed I'd never feel this way again  
There's no reason  
For what I do  
There's no reason  
Why I choose to  
There's no action  
A no rewind  
There's no help here  
From the inside  
Vowed I'd never do this again  
Vowed I'd never do this again  
Vowed I'd never feel this way again  
Vowed I'd never do this again  
And here I go  
Out on the edge  
Looking over  
To see how high  
And the high  
That I get  
Helps me through it  
Helps me forget it
