

# Widespread Panic, Walkin' (For Your Love)

Walkin' - for your love  
Walkin' - for your love  
Walkin' - for your love  
Walkin' - for your love

I'm only going where my eyes are going  
I'm only going where my toes are pointed  
I just bought me this new pair of big shoes  
I'm only going if I can walk there with you

Shinin' - for your love  
Shinin' - for your love  
Shinin' - for your love  
Shinin' - for your love

I'm afraid to open my eyes  
I'm even afraid to look at you  
Right here - I'm gonna open my eyes  
I'm gonna move with you

Disappearin' - for your love  
Disappearin' - for your love  
Disappearin' - for your love  
Disappearin' - for your love

We're only going in this closet here  
I'm only going if the doorknob turns  
I'm only going if the light goes on  
I'm only going if I can boogie with you
