

Wilburn Brothers, Cry Cry Darling

Cry cry darling that's what I do if you'd leave me with the blues
Cry cry darling that's what I do if it's you that I should lose
For me there'd be no moonlight if ever we should part
Cry cry darling that's what I do cause you're the one that's in my heart
(steel - guitar - piano)
Cry cry darling my eyes will cry and never dry if you should go
Cry cry darling when shadows creep I'll just weep all night I know
For me there'd be no moonlight...
