Wilburn Brothers, It Takes A Lot Of Money

Oh it takes a lot of money to treat my little honey like I want to Yes it takes a lot of money to treat my little honey like I want to I'd have to be a movie star and drive a big big Cadillac car And have a pocketful of money to treat my little honey like I want to

Oh I'm so in love with you honey but I think your count sure runs thin And everytime I get a little money the prices get out again Oh it takes a lot of money... (guitar - steel - dobro)

Oh these worn out clothes I'm wearin' they sure are an awful sight If it wasn't for these bills I'm payin' I'd be with you every night Oh it takes a lot of money...

Yes it takes a lot of money to treat my little honey like I want to
