

Wilburn Brothers, Taste Of Heaven

Yes I found the taste of heaven give me more
I never dreamed that love could be like this before
No I never knew the thrill that I had missed
Until I found the taste of heaven in your kiss

I fell at first when you just barely touched my hand
But I was young and foolish and I didn't really understand
I wondered what sensation could make me feel like this
And then I found the taste of heaven in your kiss
Yes I found the taste of heaven...

(steel)

Now you know it's true that I'm really in love with you
So don't you go and break my heart in two
Just stay with me let me share the bliss
That comes from the taste of heaven in your kiss
Yes I found the taste of heaven...
