

# Will.I.Am, Fall Down (feat. Miley Cyrus)

You make my world, you make my world go 'round

You turn me up, you turn me upside down

You make my world, you make my world go 'round

You get me off, you get me off the ground

You pick me up when I fall down

You pick me up when I fall down

Girl, you're like an elevator cause you always pick me up

Girl, you're like a doctor when I'm sick you always stitch me up

You can be my DJ, I'm your record, come on mix me up

You can be my lollipop, lemme, lemme lick you up

On the bottom, on the top, baby, lemme flip you up

You can be my soda pop, Coca Cola sip it up

Whip cream, whip it up, strip on, zip it up

I could be your chip, you can be my dip, lemme dip it up

You make my world, you make my world go 'round

You turn me up, you turn me upside down

You make my world, you make my world go 'round

You get me off, you get me off the ground

You pick me up when I fall down

You pick me up when I fall down

You pick me up when I fall down

You pick me up when I fall down

Boy, you're like an elevator cause you always pick me up

Boy, you're like my doctor, when I'm sick, you always stitch me up

You could be my DJ, I'm your record come on mix me up

Boy, just be my lollipop, lemme, lemme lick you up

Always on my membrane, I love you so I give it up

Lets visit all the places that's exquisite let's go live it up

Walking down lover's lane, flying in an airplane

Boy you get me higher, like your nickname was Mary Jane

You make my world, you make my world go round

You turn me up, you turn me upside down

You make my world, you make my world go round

You get me off, you get me off the ground

You pick me up when I fall down

You pick me up when I fall down

You pick me up when I fall down

You pick me up when I fall down

Fall down

You pick me up when I fall down

You pick me up when I fall down

You pick me off the ground

When I'm down, down, down...
