Oh yeah oh yeah yeah

Makin me weak

Girl stop shakin you got my will breakin  
Love in jamaica but I gotta go home (gotta go home)  
I got my girl waitin I'm supposed to land at eight and  
If I'm not their then I can't go home (cant go home)  
Ma you got me bakin I'm about to make a mistake and  
I'm about to ask you to take me home (take me home)  
Please stop shakin I got my will breakin  
Love in jamaica but I gotta go home

Ten days I'm in Jamaica workin  
Aint had a chance to get out and do too much a nuthin else but a workin  
It's killin me  
Ain't had a chance to get that chicken jerkin  
Responsibility tasting victory but desire lurkin  
He callin me  
I been recordin writing vibin and rhymin  
Nothin but heat havent even had a chance to see the island  
I need that  
Me and the team we got a dreamer comin  
The hot we heard about through word of mouth is club asylum  
Lets finish up  
And like the breeze of the seas  
We arrive at the party  
Hostess she desiree flirtin heavily with me  
Got me thinkin things I really probably shouldn't be  
Everytime she move she look at me

Girl stop shakin you got my will breakin

(Every time she moves) I don't know how to act  
Came to get my groove on not to get my groove back  
Her eyes deep enough to swim in  
She grinnin  
Her innocence inspire thoughts of sin an  
Crazy right  
She got a flower so long and smilin  
Her shakin makin jamaica seem like temptaion island  
Im wilin  
Cause man she hot (what im a do)  
Feeling like (the moment of truth)  
Making my conscious ( loving and move)  
What's a brother to do  
Makin me feen  
Desiree the jamaican queen  
Making me hatin to leave  
Cause the shakin is mean  
Wind ya hips  
Got me going fine to this island miss  
But I'm monogomous  
So far y'all
