

Willie Nelson, Nobody Slides, My Friend

Nobody slides, my friend
It's a truth on which
You can depend
If you're living a lie
It will eat you alive
And nobody slides, my friend

Nobody slides, my friend
You can try it
But you'll never win
You can scream
You can shout
But it all evens out
And nobody slides my, friend

(guitar)

Nobody slides, my friend
Listen I'll say it again
You can run
You can hide
But it's still waitin' inside
And nobody slides, my friend
