

# Winans Bebe, Lullabye For You

Or had heard of love  
I'd have never known to dream  
Surely never dreamt of her  
Or bands of angels  
That can sail across the heart  
I never knew  
But they do  
Cause if not for her  
I would never know  
How it feels to look at you  
Dreaming in my arms  
Sweet sleeping angel  
If we're ever far apart  
Think of these words  
And know they're true  
Life will be fine  
Puzzle piece as fit  
And every road  
Leads back to home  
Cause if not for you  
I'd have never ever known  
What it means to really love  
And that love is all we own  
And that those angels  
That were sailing through my heart  
All of the time  
They were you  
And all those angels  
That were sailing through my heart  
All of the time  
That was you  
Was you
