

Wintersleep, Wind

Carried away by the wind, you're carried away the wind
This life
Carried away by the wind, you're carried away the wind
This life

Oh it's a shame you cannot stay by my side
Oh it a shame now you're gone
Oh it's a shame you cannot stay by my side
Oh it a shame now you're gone

Carried away by the wind, you're carried away the wind
This life
Carried away by the wind, you're carried away the wind
This life

Oh it's a shame you cannot stay by my side
Oh it a shame now you're gone
Oh it's a shame you cannot stay by my side
Oh it a shame now you're gone
