

Winterstorm, The Maze

all four parts achieved
to the tunnel I'm running
the union is yearning
it has opened for me
all I see is a huge maze
full of endless ways

into the darkness I head
a shadow appears in the front
it approaches to hunt
is it safety or threat
my eyes are betraying
to darkness I'm praying

seeking resort
from this place swart
fint the escape
to leave the maze

GUIDE ME THE WAY THROUGH THE ENDLESS TUNNEL
FOR I LOST MY WAY
EVERY PATH I CHOOSE IS A DEAD END
NO LIGHT OF THE DAY
LEAD ME BACK
TO THE ROAD I MUST GO
AS MY FORCE HAS TO GROW

a creature strong as a bear
he was born in the dark
his skin's hard as bark
true friendship is rare
he is swearing it to me
the daylight I will see

I found a new friend
with his help I'm advancing
through walls he is lacing
no more dead end
he is breaking the walls down
razing them to the ground

in the darkness you must travel
'til you reach the other side
seize your power for the next
into the desert you must ride
