

Within Temptation, Other half

Over the hills lies a new beginning
Over the hills
Over the hills, there is a way, I know it
Over the hills
You cant bring all the gloom
Your heart is frayed and so empty
You glorify the future
Living in a different world than me
The journey ends in death
You are giving up so easily
You are the other half of me
Chorus
We are drifting apart
Chilled to the marrow
cause you dont want to go
cause weve got a different wish at heart
The amulet guides us to the other side
When I go down, its you wholl bleed
Im not scared to die as long as Im with you
You are the other half of me
