Within Temptation, Overcome

Where are the heroes I my time of need Is my crying abandoned? Or have they gone Oh no

They just tend to stand Out of the rain Thinking but not acting That they're not to blame

Falling and crawling A fight to stand up Memory still haunts me In the dead of night

Over and over I felt so small But one day I'll be stronger And you better watch out

[Chorus:] I will overcome In violence there's silence Oh no, It can't be undone I will overcome Knowing that I'm not the only one I will overcome It's the only way to carry on

Where are the saviours Afraid of the toll Sorry do my nine inch nails Slash your soul?

Such heroes Throwing stones Straight at the one Who is standing alone?

Twisting and turning It's always the same The truth is never honest When you're to blame

Pushing and pulling Never give in One day I wish You see you're not so beautiful within

[Chorus]

Run and run Run and run

[Chorus]

I will overcome
