## Within Temptation, Say My Name

Say my name
So I will know you`re back
You`re here again
For while
Oh let us share
The memories that
Only we can share

Together
Tell me about

The days before I was born

How we were as children

You touch my hand

These colours come alive

In your heart and in your mind

I cross the border at a time

Leave him today behind

To be with you again

We weave the air

Do you remember

How you used to touch

My hand

You're not aware

Your hands keep steel

You joust don't know

That I am here

It hurts too much

I prey now that soon

You realized to

Where you belong

You touch my hand

These colours come alive

In your heart and in your mind

I cross the border at a time

Leave him today behind

To be with you again

Please say my name

Remember who I am

You will find me in the world of yesterday

You drift away again

Too far from where I am

When you ask me who I am

Say my name

These colours come alive

In your heart and in your mind

I cross the border at a time

Leave him today behind

To be with you again

Say my name
