Don't matter the time of day, they come out and play
'Bout your paper, you a boss, girl that's safe to say
I don't gotta teach you much, you was made that way
Rollin' kush in my lap, that's your favorite place
Smoke the joint, you don't want a Backwood now
Say you not good at rollin', Imma show you how
You ain't never takin' half, want the whole amount
Used to get emotional, but you control it now
Only keep eyes on me, I feel like that's appropriate
Never get jealous of a girl, you only see a broker bitch
You stick to the plan, you gon' get us rich
Lotta different dips

I got ho's (Area codes) (Uh)
Different area codes
I got ho's (Area codes) (Don't call me, bitch, I'll call you)
Different area codes
I got ho's (Area codes)

I got ho's
Cannot blame me for the come-up out them clothes
Drippin' sour Wiz and lil woah
Don't wanna talk advance about the bank roll
I got a bitch from 3-1-0
One from 8-1-8
Three-nine, northside, stay
All I'm bringin' K
And I got one, she come from overseas
Flew in from Kuwait
She kick shit, I call her Chun Li, but we don't play no games
Now I got bands to make, and I'm havin' some, but I can't give it away
If you want this drip, then girl, you gotta pay
Just broke the bitch, she came at me, 1K
