

# Wiz Khalifa, Gotta Get It

The game ain't changed, just a new breed  
As you'll see fans turned over a new leaf  
I know it's hard to swallow that's how the truth be  
Heard I'm gettin' dollars got you lookin' for the new me  
A lot of niggas on they own shit, I do me  
I'm one hundred everything I talk you'll see  
And I'ma chase that bread 'til I'm filthy  
I keep money on the wig like ya girl's weave  
And I kill beats  
That's probably why they think hip hop's dead, cause I spit hot lead  
Feel like I just got fed, so I'm nowhere near comfortable  
Even though they tell me can't no one here fuck with you  
Bitches scream my name, real niggas say "I fucks with you"  
I grind no days off that's how a hustler do  
And I'm accustomed to creatin' that real shit  
That money motivate you can feel shit  
Ya dug me?

That paper on my mind, I'ma grind 'til I'm finished  
I'm feelin' like I, I gotta get it, I, I gotta get it  
And realistically, the sky is the limit  
I'm out here so I, I gotta get it, I, I gotta get it  
Niggas slackin' on they grind intuition  
They slippin' so I, I gotta get it, I, I gotta get it  
Yeah yeah and change the life I'm livin'  
That's out here for me – so I, I gotta get it (yeah!)

I never thought about falling back  
It's big change in this game, I need all that  
Roll sticks of Mary Jane like a ball bap  
Big business here, that's what you can call that  
Heard I signed to Warner Bros., yeah that's all facts  
I been hot now the shots, I'ma call that  
Flow cray, some say I was born mad  
And I came feet first, nigga this a rebirth  
Man, I got rhymes like a nigga keep work  
To get paid like the 15th and the 1st  
Stuck to my grind, did my thing and it worked  
Now all the little bussies wanting me getting to work  
I'm either blowing ray, Sour Diesel or purp  
And reppin' Pittsburgh til I'm layin' in the dirt  
What you say could get you murked  
That's just how it go down here  
And that money ain't slow out here  
Niggas bubblin'

That paper on my mind, I'ma grind 'til I'm finished  
I'm feelin' like I, I gotta get it, I, I gotta get it  
And realistically, the sky is the limit  
I'm out here so I, I gotta get it, I, I gotta get it  
Niggas slackin' on they grind intuition  
They slippin' so I, I gotta get it, I, I gotta get it  
Yeah yeah and change the life I'm livin'  
That's out here for me – so I, I gotta get it (yeah!)
