Usually, ah I do a weed song  
So uh, here go a weed song

[Linval Thompson:]

Marijuana, I love it my brother  
Marijuana, in my soul  
Marijuana, in my heart  
Ooh

I like to smoke marijuana, it gives me a deep meditation  
I love to draw marijuana  
It give me a deep meditation  
It keep the natty dreadlocks jumping  
It keep the natty dreadlocks rocking  
It keep the natty dreadlocks swinging  
The white man love to smoke marijuana  
The black man love to cultivate it

I love to smoke marijuana  
It give me a deep meditation  
Marijuana

Smoke, I choke, I blow them Os  
In my chest and out my nose  
OG Kush exotic brands  
(I love it to my heart and soul)  
I done smoke all kinds of strands  
African, Afghanistan  
From the pharmacy, hand in hand  
Getting high with my engineer  
I stay smoking bud with my cameraman  
Ounce a day, what I put on

I love it with my heart and soul  
So I can't stop smoking it

I love to draw marijuana  
It keep the natty dreadlocks jumping  
It keep the natty dreadlocks rocking  
It give me a deep meditation  
Marijuana oh oh I love it

Break it down and roll it great  
My marijuana motivate  
And no, it ain't getting old  
(I love it to my heart and soul)  
OK  
I brought the weed  
Who got the swisher?  
Three broads with me to drink all this liquor  
We go hard

I love it to my heart and soul  
So I couldn't stop smoking it  
I love it to my heart and soul  
The white man love to smoke marijuana  
The black man love to cultivate it  
It give me a deep meditation  
It keep the natty dreadlocks jumping  
It keep the natty dreadlocks rocking  
I love to smoke marijuana, marijuana
