

# Wiz Khalifa, Long Way To Go

Ah  
That's just how the fuck it is  
Sledgren  
Fucking punk  
It's fucking bosses over here man  
Leave that shit to them little niggas, real talk  
We out with it  
Uh

Don't leave the door open cause we smokin'  
Proceed with caution when you approachin'  
Jump in my ride, I'm getting ghost  
Don't ever go no where without my bros  
Round the best, you get exposed  
Them execs we ain't sweatin those  
I'm in sweatpants looking for the remote  
Rocking better clothes than the ones that was fly before us  
When it come down to paper, I'm trynna get the highest portion  
Pull out the old school just so I can slide the Porsche in  
I worked hard for mine, french bulldogs all in the yard  
Won't change course or fall off  
Paid the cost to be the boss  
When you the man you don't play your hand, you deal the cards  
Me I'm owning the building and smoking weed in every room in it  
Pulling up high as fuck to your event  
Shirt open, my chains swanging  
Don't rep the gang if you can't hang

As simple as that  
Matter of fact the shit kinda complex  
So don't try this at home  
Fuck around and learn something you young ass nigga

It's bigger than nino, we know  
We the last generation that's worshipping Al Pacino  
Seen it first hand in Casino  
But nigga's gotta go down that road to find out  
I smoked a couple j's I rolled a couple more fore' I'm out  
You ever been to where I'm from you probably know  
What I'm bout  
Stay ready for the occasion  
Time equals money that's the equation  
You nigga's look funny trynna ride the wave  
I hope that you crash  
And nobody dive in and save you  
They call it the game, watch how they play you  
My life is a movie, you wanna stay through  
Still think I'm the realest nigga to this day  
Them other nigga's is hand made  
Under pressure they break  
I just do this for my gang's sake  
I don't get time away  
I'ma light this j

We don't stop hustling  
Nah, never  
We don't stop grinding  
Hell naw  
We don't stop going hard  
Nope  
Made a lot of paper but I got a long way to gooooooo  
We don't stop hustling  
Nah, never  
We don't stop grinding

Hell naw  
We don't stop going hard  
Nope  
Made a lot of paper but I got a long way to go

This is a really big performance for me like  
This is something that I kinda take seriously  
I love performing, I love being in front of people  
Like the festival crowds are always dope  
So it's just something that I not only look forward to  
But I try and make sure I'm really prepared for  
So I can go out there and just have the best show
