

Wiz Khalifa, Love To Smoke

Man, I would say this shit easy but I don't even think about it no more
I would have to think about it being easy for me to say some shit like that

Just got back from a Cabo trip
It was me, my family members and about six zips
Everywhere my name on the list and I tipped 'em very well so they don't trip
Wizzle Man on the beach gettin' lit
And I show up clean if I'ma be at the event
I'm comfortable as long as there's some weed lit
More than a man, I'm a genius
They compliment saying they never seen this
We always gon' butt heads like Beavis
You always start something up and leave it
I'm gettin' stoned to celebrate my achievements
I'm always gon' be ahead, we ain't even
It's Taylor Gang, you with us, you ain't leaving
These niggas be mad as fuck, I'm the reason
I'm rolling the finest kush with no season

I love to smoke more than you know, hey
I'ma let it show, I love to smoke, hey
I love to smoke more than you know, hey
I'ma let it show, I love to smoke, hey

Some people say that it's bad for you, but I really don't give a fuck
I'ma keep rollin' up first thing in the morning
Smoking J's til I get stuck
And you probably say you sober so you got a clear mind
Well, I got a clear mind too
I know niggas who don't smoke who swear they living good
They don't even work out as much as I do
I know bitches who talk shit on me but will let a nigga lean and do all other dumb shit
I'm a nigga who do what he want and say what he like
But hey, that's what it comes with
Who would've thought smoking weed in the basement
Now I'm making five hundred million on
Instead of hating on game, get someone to put you on
That's hard

I love to smoke more than you know, hey
I'ma let it show, I love to smoke, hey
I love to smoke more than you know, hey
I'ma let it show, I love to smoke, hey
