

# Wiz Khalifa, Nothin' Like The Rest (feat. French Montana)

I pull up with your bitch in the Rolls  
Don't even get it twisted 'cause it's already rolled  
Ain't nothin' like the rest of 'em, you rollin' with the best though  
Rollin' up the best smoke, rollin' up the best smoke  
I pull up with your bitch in the Rolls  
Don't even get it twisted 'cause it's already rolled  
Ain't nothin' like the rest of 'em, you rollin' with the best though  
Rollin' up the best smoke, rollin' up the best smoke

Uh  
Doin' a hundred through the desert  
Yeah my car come from the past, you could call it a time machine  
'Cause it's right here in the present  
In the game and I got leverage  
Ain't the same as none of you niggas  
If I was close to you I would be 'shamed of you  
Get a hundred mill's what I came to do  
I guess all this money look lame to you  
So I spend it on shoppin', all of this shit that I'm coppin'  
Don't even go to the store, my outfit it ain't even droppin'  
Pedal to the floor, smokin' in my new SS  
Seen a lot of bumps on the road to success  
But that ain't stop a nigga from cruisin' up  
Pullin' weed out the ashtray, cuttin' the music up  
Smokin', chillin'  
Used to be underground but now we on top of the buildin'

I pull up with your bitch in the Rolls (Uh)  
Don't even get it twisted 'cause it's already rolled  
Ain't nothin' like the rest of 'em, you rollin' with the best though (Ha)  
Rollin' up the best smoke, rollin' up the best smoke (Ha)  
I pull up with your bitch in the Rolls  
Don't even get it twisted 'cause it's already rolled  
Ain't nothin' like the rest of 'em, you rollin' with the best though  
Rollin' up the best smoke, rollin' up the best smoke (Ha)

Everything was cashed out, I ain't ever rent it  
Brown bag sinner (Ha), shawty love a winner

Young nigga, high as shit, five hundred milla

Winter time, hoodie on, drop chinchilla (Ah)  
Lookin' like a killer (Ah)  
Used to hit the block, fiends lookin' like Thriller (Ah)  
Shooter like Miller, nah I mean Billups (Billups)  
Pull up in the Porsches (Porsches), bad bitch talkin' 'bout 500 horses  
Started from the bottom, nigga was a filler (Filler)  
Now you need my name so your show could fill up  
Keep my cup fill up, black card to fill up  
Nigga small-talkin', tell 'em put a mill up (Ah)

Don't even get it twisted 'cause it's already rolled
