Yeah  
This one goes out to all my patients and paitent-ettes  
With that medical weed card ya'll  
And I heard it's legal in Nevada too  
Recreation on Seattle  
So if you got your ID  
Make sure you show up to your local dispensary  
And cop you some of that KK  
And tell em I sent you  
And to all the states that ain't legalize it yet  
Get on board man  
We need the green  
Make the world a better place  
By putting the grass all in your face  
Free the weed  
Let everybody's who's locked up out of jail  
And let all these patients get well  
There ain't nothing wrong with it  
You was just raised to think it was bad  
But now its time to change your mind  
Open your eyes ya'll  
Look around, everybody's getting high
