

Wiz Khalifa, Referral

Beat that motherfucker up, Quad

Shrooms got me in the mood
We about to make a movie
You, me, her and her, plus those three
God damn, that sound exclusive
Bad bitch, she love rockstar music
Lil bitch said she a throat GOAT, prove it
At the [?], girl, I'm on top of the world
Slut walk, just put a girl on a girl
Ooh, you make my toes curl
Good head, just use this song as a referral

Drop down and get your eagle on
When you a billionaire, baby, you don't need a loan
I got a private chef, we can eat at home
Ten girls in the tub with the heat on
And I can't even talk to you, I'm in the zone
Blowing clouds, the kush my aroma
You might wanna fuck with the owner
Said she wanna spend the night with a stoner

Girl, I got a king cobra
I could fuck all night 'cause I'm sober
Call your best friend over
Heard a lot of good things I'ma show her
Cold shoulder, joint rollers
All them other niggas posers
Try hard but my lane is closed up
Money so long it don't fold up
Hold up, roll up
Playing with that pussy like controllers

Drop down and get your eagle on
When you a billionaire, baby, you don't need a loan
I got a private chef, we can eat at home
Ten girls in the tub with the heat on
And I can't even talk to you, I'm in the zone
Blowing clouds, the kush my aroma
You might wanna fuck with the owner
Said she wanna spend the night with a stoner

Yo, what up? It's your boy, Wiz Khalifa
You know, we back
We gon' stay here, we gonna be here
It is what it is
See Ya
