

# Wiz Khalifa, Royal Highness

Yeah  
Yeah uh  
Aw man yeah, yeah  
Aw yeah

If you don't know by now  
I don't like driving, baby, I'm the pilot  
Never let the plane come down  
Forever on some fly shit  
Yeah, I got it vibing  
Baby girl knows my sound  
I'm your royal highness  
Baby going fast for me  
Then I tell her slow it down  
I ain't really worried about  
When my time gon' come  
'Cause I know it's now  
I been really grinding  
Baby, come find me  
Gotta let me know you're down  
I don't like driving, baby, I'm the pilot  
Never let the plane come down  
Forever on some fly shit  
Yeah, I got it vibing  
Baby girl knows my sound  
I'm your royal highness  
Baby going fast for me  
Then I tell her slow it down

On the west side yeah I'm living proof  
Started small but now everything new  
I spit like I ain't got no tooth  
Flying topless, the plane got no roof  
I'ma shine till my name in the sky  
I'ma ball hard and break all the rules  
Graduated and hopped in that coupe  
With my main girl now I gotta say bye to you  
I can count up a mil on a bad day  
She ain't down then she ain't got no use  
By the way that she making that ass shake  
I just told baby do what she do  
She the type I got to search for  
Wasn't handed to me, had to work for it  
They riding the wave like a surf board  
While the boy hotter than the earth core  
Told her wait til' I go get my cash right  
When the money was low she didn't act right  
Caught up living in the fast life  
To be the boss I paid the mad price  
I be with some women watching Friday  
Smoking spliffs up on the highway  
Shawty call me royal highness  
'Cause I did this shit my way

If you don't know by now  
I don't like driving, baby, I'm the pilot  
Never let the plane come down  
Forever on some fly shit

Oh for real  
Real expensive, my clothes  
I'm reinventing flows  
Presidential, my smoke  
You guys are little clones  
Go 'head and wash your self up  
The only loud smell should be the dope  
Everything else is top shelf  
Dinner on a boat, smoking a joint  
I call that time to kill  
I don't trip, I let shit slide  
But niggas 'round me will  
5k, Vegas at Tao, The owner pay the bill  
Best seats  
We at the game, I'm ashing on the field  
Soon as we board the plane, they screwing up they faces  
Money in cases, old watches, colorful bracelets  
Some of us famous  
The others just started they come-up

If you don't know by now  
I don't like driving, baby, I'm the pilot  
Never let the plane come down  
Forever on some fly shit
