

# Wiz Khalifa, See You Again (Remix)

It's been a long day without you, my friend  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
Oh, I'll tell you all about it when I see you again  
When I see you again

Looking back now, know you hear me, wanna see me smile  
Hold me down, keep me save when I'm down, not a sound  
Ever since you was a child, always had your back 'til now  
Should've kept the circle round, now it's like you're not around  
Used to run it through the town, toughest little dudes around  
Always thought you had a daughter  
Sure to teach her what they taught us  
Had a son he getting smarter, everyday more like his father  
Know this game and keep it solid, present faith you know you got it  
Big things come back again but ain't the same  
I tell myself, "remain the same and keep it sane"  
Know it's hard when your dog ain't there to bark with ya  
Seems like yesterday we was all in pictures

It's been a long day without you, my friend  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
Oh, I'll tell you all about it when I see you again  
When I see you again

First, you both go out your way  
And the vibe is feeling strong  
And what's small turned to a friendship  
A friendship turned to a bond  
And that bond will never be broken  
The love will never get lost  
And when brotherhood come first  
Then the line will never be crossed  
Established it on our own  
When that line had to be drawn  
And that line is what we reached  
So remember me when I'm gone  
How could we not talk about family, when family's all that we got?  
Everything I went through, you were standing there by my side  
And now you gon' be with me for the last ride

It's been a long day without you, my friend  
And I'll tell you all about it when I see you again  
We've come a long way from where we began  
Oh, I'll tell you all about it when I see you again  
When I see you again
