

# Wiz Khalifa, Tha One

Boss'd up if I wanna make a move  
Learn from my lessons so I never lose  
Not the two, I'm the one, I'm the one, I'm the one  
Not the two, I'm the one, I'm the one, I'm the one

Break down and roll up the whole pound fasho  
Thirteens on my whip, we rode down the ghost  
Everything look kind of new, but this paint a classic coat  
Smoking Khalifa kush, it's fresh off the boat  
Turned her into a pro, she hit it twice and don't choke  
Asked her if she could hand the phone, we can use that as a remote  
Ski trips, we get so fly, she got Balmain on her coat  
Each trip we get so high, we just smoke out with no snow  
Know what they say but this life ain't regular  
No, I ain't lettin' up  
I roll my medicine soon as I'm gettin' up  
My crown you'll never touch  
My kush they wanna puff  
My foot stay on the clutch

Boss'd up if I wanna make a move  
Learn from my lessons so I never lose  
Not the two, I'm the one, I'm the one, I'm the one  
Not the two, I'm the one, I'm the one, I'm the one
