

Wiz Khalifa, Up

I don't know what's going on
About this feeling
That you got me feeling
Cause every time I try to leave, I'm right back again
And I ain't going nowhere
You got me walking on the ceiling

So when the times get hard and at night you're all alone, oh
I'll be the one you call
No telling where we might go
And every time you look up, baby I'm right there
Flying in the air
So let all of your fears go
And never spend the night low (Keep both of those)
We go up, up, up, up, up, up, up, up
We go up, up, up, up, up, up, up, up
We go up, up, up, up (yeah), up, up, up, up
We go up, up, up, up, up, up, up, up, up, up, u-up, u-up

So high, I'm not coming down
And you with me
So you ain't coming down either
Let's write our names on the cloud
Break something down
Roll it up and pass it all around
God damn, she a keeper

So when the times get hard and at night you're all alone, oh
I'll be the one you call
No telling where we might go
And every time you look up, baby I'm right there
Flying in the air
So let all of your fears go
And never spend the night low (Keep both of those)
We go up, up, up, up, up, up, up, up
We go up, up, up, up, up, up, up, up
We go up, up, up, up (yeah), up, up, up, up
We go up, up, up, up, up, up, up, up, up, up, u-up, u-up

Cause everything's better when you're high
Everything's better when you're high
Everything's better when you're high
If you don't smoke, I don't know why

Cause everything's better when you're high
Everything's better when you're high
Everything's better when you're high
If you don't smoke, I don't know why

Keep all that
Even keep that
And keep that too, but you can cut this out
Kush and orange juice, nigga
