Taylor Gang that [x3] Umm let's do it

You say you gotta 9, gotta k, gotta mac

I got a bitch with fake tits, my name on her back

She cooks she cleans for me

Stays with the strap, so a nigga act up, playin games it's a wrap

My pockets gordo you ain't saying nothin

Like a nigga with no back you lames stay frontin, stay frontin

Thought you were shining but what happened?

That shit ain't georias niggas only just rappin

Where the cash at, where the stash at?

You babysittin that blunt nigga pass that

Shorty got a cute face and her ass fat

If she rides good dick call her nasdaq

Ya the boy got bankroll, Taylors on the feet smoke

Sweets buy the caseload

Bankroll, bankroll the boy got bankrolled

Pockets on swole like the BM's ankle

And I look young but my money is way grown

And my blunt is thick like I'm eating an eggroll

Niggas sound hard when they be on a song but under

Pressure yall fold like a knee or an elbow

Hear yall talking, ain't saying nothing

See yall shopping, ya ain't buying nothing

I'm sicker than anyone I've been compared with

Cause y'all ain't coming close I'm in the air, bitch!

Taylor Gang that [x3] yeah, its Khalifa man

Taylor Gang that [x3] It's Star power, Mr. Spacely
