

Wiz Khalifa, Who's Who

Beat that motherfucker up, Quad

Rich nigga and I'm known around the city
Got a phone full of hoes and some bad ones with me
Get jiggy when I smoke spliffs [?]
I don't pay for nothing, they gift me
Got my hand for it, they give me
Barely gotta ask for it, they give me
All night, give me, you give me
She give me, girl, give me

Big wheelie and my wrist looks silly
And my [?] came with it, everything look chilly
Girl, give me what I want, give me what I need
Ride a bike but she ain't from Philly
Ass jelly, kush smelly
Baby girl, what's your name? Just tell me
You niggas don't want beef, no deli
That's Ashley, that's Kelly

Rich nigga and I'm known around the city
Got a phone full of hoes and some bad ones with me
Get jiggy when I smoke spliffs [?]
I don't pay for nothing, they gift me
Got my hand for it, they give me
Barely gotta ask for it, they give me
All night, give me, you give me
She give me, girl, give me

She said she never met a nigga like me, no
Might smoke but she never had these O's for sure
Roll another joint, take a shot for the road
Both fucked up, hands up, eyes closed
Before we out the door
Gotta smoke a joint for every joint I know

Rich nigga and I'm known around the city
Got a phone full of hoes and some bad ones with me
Get jiggy when I smoke spliffs [?]
I don't pay for nothing, they gift me
Got my hand for it, they give me
Barely gotta ask for it, they give me
All night, give me, you give me
She give me, girl, give me

Yeah, you know what it is
My whole gang up in this bitch
We 'bout to just go watch some movies, I don't know
We might put on coffee and, um, you know, come up with some, some really, really good flows
See Ya
