

# Wolfsheim, Find You're Gone

when I wake up I find you're gone  
there should be grief but I feel none  
trying to leave the night behind  
I hardly get my thoughts in line  
but there is one thing I could say  
it seems I'm glad... I find you're gone

I find you're gone...  
I find you're gone...

you know it's wrong... you know the way...  
but do you really want to stay?  
a sudden thought... a thing to mind...  
it would be only wasting time...  
no matter how hard you will try...  
it's just a feeling passing by

I won't say that it's true  
that I'm here to stick with you  
you know, for me it's just a game  
and that you're not the one to blame
