A lot a hungry people

I can't take this pressure no more

I gotta scream for the people, man

Ay

[Chorus]

To my killers in the club wit the burners that be screamin out blow

Ain't no need to shoot tonight

To my ladies that be shakin they ass to that Wyclef sound

We gon get in crunk tonight

To my ballers and my ballettes that be comin to the party high style

Y'all better watch y'all jewels tonight

If you smoke like I smoke in your high life everyday

I'm talkin bout Monday, Tuesday, Wednesday, Thursday, Friday, Saturday, Sunday

Yo you don't wanna beef cause if I pull artillery

You and your man'll be sorry

Cause I ain't come for war

You and I know that you can't win

That's why you standin by the bouncer for protection

Clef ain't the one for the testin

You better off steppin before I clay your section

Teflon keep it groovin

We got you in the mood-n
