LET'S INVEST IN A LITTLE BIT OF LOVE

Let's invest in a little bit of happiness
Let's eliminate a whole lot of loneliness
We'll experience the world full of tenderness
Let's invest in a little bit of love
We can build us a castle in the air if you please
And ride right across the stormy seas
Nothing is impossible for you and me
Invest in a little bit of love
Let's invest in a little bit of happiness...
Let's put bad mem'ries in the back of our mind
We can reassure to fail passing time
There'll never be a mountain we can't climb
So invest in a little bit of love
Let's invest in a little bit of happiness...
Oh let's invest in a little bit of happiness...
Let's invest in a little bit of happiness...
