

X Ambassadors, Fear (feat. Imagine Dragons)

There's a whisper, a rumor
Voices in the air outside
Got their eyes on the future
Yeah, the kids are coming up on the ride.
God, I'm running in fear, fear, fear /2x

[Imagine Dragons:]
Lights out,
I'm afraid of everything that moves
/2x

Roll this cup of deuces
The fuel will keep the fire alive
All the police think we're useless
Yeah, the kids are coming out tonight.
God, I'm running in fear, fear, fear /2x

[Imagine Dragons:]
Lights out,
I'm afraid of everything that moves
Lights out,
I'm afraid of everything that moves
Lights out
Lights out
/2x
