

# X-Wife, Headlights

I don't know what was going down  
We stayed awake in this ghost town  
On a night like this maybe there's nothing to fear  
It's all good, It's all good

Coming back on a straight line (headlights are flashing)  
No secret codes , no traffic signs (heading towards me)  
On a night like this maybe there's nothing wrong with it  
It's all good, It's all good  
(headlights are rushing)

Headlights pointing straight at me  
The dead sounds of reality  
On a night like this maybe there's nothing else in here  
It's all gone, it's all gone

Coming back on a straight line (headlights are flashing)  
No secret codes , no traffic signs (heading towards me)  
On a night like this maybe there's nothing wrong with it  
It's all good, It's all good  
(headlights are rushing)

(headlights are flashing)  
(heading towards me)

Headlights I see nothing but headlights  
They're pointing out to the starry eyes  
They're pointing out to the moonlight
