## XIX, Kismet

Here-here is the future, future, future

I dress like I'm in jet set (God damn)

Knock a pussy out just like a bed set (Sheesh)

I feel like a gg with my headset

Death is your kismet (Right)

I dress like I'm in jet set (God damn)

Knock a pussy out just like a bed set (Sheesh)

I feel like a gg with my headset

Death is your kismet (Right)

Carrots up on carrots

Up on diamonds, that's appeal shit

Scaring all your parents

When the mic switch on, I kill shit

They see my guitar amps

Babygirl know that's my kill switch

They see all my followers

Oh yeah he don't like me

'Cause I fucked his wifey

Yeah she wanna ride me

Be silent when I'm speaking

I'm the shit, I'm the faeces

I dress like I'm in jet set (God damn)

Knock a pussy out just like a bed set (Sheesh)

I feel like a gg with my headset

Death is your kismet (Right)

I dress like I'm in jet set (God damn)

Knock a pussy out just like a bed set (Sheesh)
