Yello, Koladi - Ola

Koladi-ola Koladi-ola

I'm gonna making You wanna shake me People sitting out of my mind Koladi-ola

I'm going down Everything's around Everything is good and divine

I go bananas Driving in my car Trying not to lose my ways

Koladi-ola Again

Koladi-ola One more time Koladi-ola One more time

I'm going down Everything's around Everything is good and divine And I said Again

I go bananas Driving in my car Trying not to lose my way

Koladi-ola Again Koladi-ola

I'm gonna making You wanna shake me People sitting out of my mind

I'm going down Everything's around Everything is good and divine

Koladi-ola
