

# Yung Lean, Boylife in EU

touch me, go on, feel me  
heel me,  
like you would care for me  
touch me  
decompose me  
heal me  
don't you want to see the real me?  
thrill me  
kill the real me  
thrill me  
you by my side  
but ae you real whit me?

walk these streets  
till there's blood my feer  
walk these streets

boylife in UE  
boylife in UE  
boylife in UE  
can't feel my heart  
decompose me  
decompose me

pretend thet everything is well  
that we well meet again  
do you want to meet me again  
pretend this dream will never end  
some things can't be unsaid  
awake, awake
